1. Public involvement - higher level: strategy, committee, validation, quality process
- Committee to appoint staff (don't forget the Equality and Diversity training)

- Values based recruitment for students (see attached PDFs: VBR Induction, handouts, NHS Values and RCN 6 C's)

Here's what I've put together for Values Based Recruitment, I initially ran this session with service users and carers, the second time with the addition of students and clinical staff, and it's a basic session and seemed to work well. The lead for equality and diversity did a brief talk as well about the Equality Act. Hope it's useful - Yvette Brown, University of Coventry

- Validation panel – impact PhD activities
- Faculty programme committee - Help to make changes to existing models
- PPI Groups feedback becomes an important part of the graduating student's reference
- Produce a webpage of PPI information and resources for staff
- Peter Bates: (Associate [National Development Team for Inclusion](#), Associate Fellow, [Institute of Mental Health](#), University of Nottingham. Personal website at www.peterbates.org.uk. Mob (UK): 07710 439 677) has worked with others to generate a series of 'How To guides' that are being continually updated as more insights come in. The most recent versions can be found at paragraph 3 at <http://www.peterbates.org.uk/linking-academics-and-communities.html>

2. Public involvement - administration and support - Fiona Earlam and Kate Eldon

- Produce a webpage of PPI information and resources for staff
- Individual plan for PPI members: what support we supply/put in place (e.g. access) in order for the Member to work with us. This information could go into a letter to the DWP in case of investigation into permitted earnings

3. Public involvement – research - Andy Gibson

3.00 - 3.15 Round up and thanks from Kim Scarborough and Jools Symons

Next Showcase: University of Derby, 20th April 2016

University of Wolverhampton, date to be confirmed (last week of June 2016)
