

# Enhancing employability and work based learning The ALPS CETL Network outputs

24th April 2013, Rose Bowl Leeds Metropolitan University

Professor Ieuan Ellis

Dean, Faculty of Health and Social Sciences

Leeds Metropolitan University

## **ALPS CETL Programme**

This innovative programme developed 4 approaches to improving confidence and competence in pre-registration health and social care students across 5 Yorkshire Universities and 16 professions by:-

- Promoting the interprofessional assessment of core competences
- Testing the use of mobile devices to deliver assessment and learning in practice settings, linked to e-portfolios
- Encouraging service user & carer involvement in student feedback
- Developing tools to evaluate confidence to practice

## Common Competency Maps

Result – 4 Maps

- Communication Skills Map
- Teamworking Skills Map
- Ethical Practice Skills Map
- Patient safety map

Globalised versions of the ALPS Competency Maps are also available.

## ALPS Assessment Tools

5 interprofessional tools in use:-

- Working Interprofessionally
- Gaining Consent
- Providing Information
- When to Consult and Refer
- Demonstrating respect for Service User

Which encourage the use of 360 assessment from:-

Self: Peer: Practice educator: Patient/Service User/Carer: University Tutor

#### **Mobile Assessments delivered to e-portfolios**

Service User Assessment Scenario
Peer Assessment Scenario

Multi-Port e-portfolio

### Confidence In Practice Assessment F Tools, CIPA and PPA

- Developed by ALPS originally as ....
  - A research instrument to be used by 16 different health and social care professions
  - To measure perceptions of competence in students and newly qualified practitioners.
  - Now extended by the ALPS network team at Huddersfield as a self evaluation tool for students to check their readiness, pre placement - PPA.

## **Today's Workshops**

- Will give you the opportunity to find out more about these ALPS network outputs.
- Network with colleagues who are interested in similar developments.
- Discuss the use of similar initiatives in your own organisations.
- Keep in touch with ALPS colleagues and foster relationships for future developments.
